

INSTRUCTIONS

1. Carefully cut out all the pieces, be sure to cut around the tabs.
2. Fold above and below the windshield to match the side pieces.
3. Fold the tabs on the side pieces down and affix them (using glue or tape) to the underside hood and trunk areas.
4. Fold the small tabs on the front fenders up, affix small tabs to inside of side pieces and large tabs under the hood.
5. Fold the small tabs on the rear fenders up; affix small tabs to side pieces and large tabs to the trunk.
6. Fold tabs down on wheel pieces and affix them to the inside of front and rear fenders.
7. Fold tabs on bumpers down and affix them to front and rear.
8. Fold running board tabs up and affix them to the side pieces.
